

## Sec. 1. DEFINITIONS

While “instructional materials” and “library materials” are both considered instructional resources, they are not the same, and the terms shall not be used interchangeably

### a) *Instructional materials*

Instructional materials are defined as content in the school’s core educational program that conveys the essential knowledge and skills of a subject in the public school curriculum through a medium or a combination of media for conveying information to students.

*Education Code 31.002.* DEFINITIONS. In this chapter:

(1) "Instructional material" means content that conveys the essential knowledge and skills of a subject in the public school curriculum through a medium or a combination of media for conveying information to a student. The term includes a book, supplementary materials, a combination of a book, workbook, and supplementary materials, computer software, magnetic media, DVD, CD-ROM, computer courseware, on-line services, or an electronic medium, or other means of conveying information to the student or otherwise contributing to the learning process through electronic means, including open education resource instructional material.

(1-a) "Open education resource instructional material" means teaching, learning, and research resources that reside in the public domain or have been released under an intellectual property license that allows for free use, reuse, modification, and sharing with others, including full courses, course materials, modules, textbooks, streaming videos, tests, software, and any other tools, materials, or techniques used to support access to knowledge. The term includes state-developed open education resource instructional material purchased under Subchapter B-1.

(2) "Publisher" includes an on-line service or a developer or distributor of electronic instructional materials.

(3) Repealed by Acts 2011, 82nd Leg., 1st C.S., Ch. 6, Sec. 67(1), eff. July 19, 2011.

(4) "Technological equipment" means hardware, a device, or equipment necessary for:

(A) instructional use in the classroom, including to gain access to or enhance the use of electronic instructional materials; or

(B) professional use by a classroom teacher.

**b) *Library materials***

For purposes of this policy, library materials, whether held in a formal school library or in a classroom, are defined as electronic, print, and nonprint resources, excluding textbooks, for independent use by students and faculty to supplement and support the Positive Solutions Charter School’s core educational program.

**c) *Open-source instructional material***

Open-source instructional material is electronic instructional material that is available for downloading from the Internet at no charge to a student and without requiring the purchase of an unlock code, membership, or other access or use charge, except for a charge to order an optional printed copy of all or part of the instructional material. Education Code 31.002(1-a).

**d) *Technological equipment***

Technological equipment is hardware, a device, or equipment necessary for instructional use in the classroom, including to gain access to or enhance the use of electronic instructional materials; or professional use by a classroom teacher. Education Code 31.002(4).

**Sec. 2. OBJECTIVES**

This policy provides criteria for the selection, removal, and replacement of library materials, focused on maximizing transparency with parents and community members while meeting student needs to provide supplemental enrichment in their learning with appropriate materials. Through the provision of these library materials, Positive Solutions Charter School shall recognize that parents hold an essential role in the education of their children and have the right to guide what their children read.

Positive Solutions Charter School shall apply the standards, dimensions, and expectations as defined by rule 13 TAC §4.1, and any related guidance including the Texas State Library and Archives Commission’s Guidance for School Libraries on Collection Development, as well as the School Library Programs: Standards and Guidelines for Texas to evaluate and set goals for the school library collection in alignment with board-approved policies and procedures.

**Sec. 3. AVOIDING INAPPROPRIATE MATERIAL**

In addition to the above criteria for selection, all material should be appropriate for students. Texas Penal Code §43.24(a)(2) describes harmful material as material whose dominant theme taken as a whole: (1) appeals to the prurient interest of a minor, in sex, nudity, or excretion; (2) is patently offensive to prevailing standards in the adult community as a whole with respect to what is suitable

for minors; and (3) is utterly without redeeming social value for minors. It is an offense in Texas to distribute this material in violation of Texas Penal Code §43.24(b). No library material shall be used if it contains content that can meet the harmful material standard. Finally, the library collection development policies must demonstrate a commitment to compliance with the Children’s Internet Protection Act (CIPA) as specified in 47 U.S.C. §254(h)(5), including technology protection measures.

**Sec. 4. RESPONSIBILITY FOR SELECTION**

While the legal responsibility for the purchase of all instructional materials is vested in the Positive Solutions Charter School Board, the responsibility for the selection of library materials is discharged to the Positive Solutions Charter School Superintendent of Schools. The Board will provide final approval for all new materials added to the library.

**Sec. 5. CRITERIA FOR SELECTION**

All selected material shall be appropriate for students as described under Texas Penal Code §43.24(a)(2) which describes harmful material as material whose dominant theme taken as a whole: (1) appeals to the prurient interest of a minor, in sex, nudity, or excretion; (2) is patently offensive to prevailing standards in the adult community as a whole with respect to what is suitable for minors; and (3) is utterly without redeeming social value for minors. It is an offense in Texas to distribute this material in violation of Texas Penal Code §43.24(b). No library material shall be used if it contains content that can meet the harmful material standard. Finally, collection development policies must demonstrate a commitment to compliance with the Children’s Internet Protection Act (CIPA) as specified in 47 U.S.C. §254(h)(5), including technology protection measures.

The district-level Campus Principal shall work cooperatively with staff, faculty, and the administration to apply this policy in making selections for school library collections. To ensure parental engagement, Positive Solutions Charter School shall make the selection process of library materials readily available for parental review, with a list of all library materials posted on-line on the district’s website, and the content of all materials available for direct review during reasonable hours specified for such review.

---

Each item selected shall:

1. Support and enrich the curriculum and/or students’ personal interests and learning;
2. Meet high standards in literary, artistic, and aesthetic quality; technical aspects; and physical format;
3. Be appropriate for the subject area and for the age, intellectual development, and ability level of the students for whom the materials are selected;

4. For non-fiction resources, incorporate accurate and authentic factual content from authoritative sources;
5. Earn favorable reviews in standard reviewing sources and/or favorable recommendations based on preview and examination of materials by professional personnel;
6. Balance cost with need.
7. Avoid inappropriate material as defined above.

In addition to the above criteria, fiction, narrative nonfiction (memoirs and biographies), and graphic novels must each meet the following selection criteria, with Positive Solutions Charter School determining that such materials:

1. Are integral to the instructional program.
2. Reflect the interests and needs of the students and faculty.
3. Are appropriate for the reading levels and understanding of students.
4. Are included because of their literary or artistic value and merit.
5. If narrative nonfiction, present information with the greatest degree of accuracy and clarity.

---

The following selection objectives are adopted to ensure the selected material is aligned with Positive Solutions Charter School educational program and curriculum

- To provide materials that enrich and support the curriculum and personal needs of the users, considering their varied interests, abilities and learning styles
- To provide materials that stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards in the pluralistic society
- To provide a background of information which enables students to make intelligent judgments in their daily lives
- To provide materials on opposing sides of controversial issues that users may develop the practice of critical analysis
- To provide materials which realistically represent our pluralistic society and reflect the contributions made by all groups and individuals to our American heritage
- To principle above personal opinion and reason above prejudice in selection of materials of the highest quality to assure a comprehensive library media collection for all users.

The following criteria for selection addresses the educational goals of Positive Solutions Charter School

- Relevance to today’s world, reflecting problems, aspirations, attitudes and ideals of society
- Educational significance

BOARD ADOPTED: 11-17-, 2022

4 of 10

- Need of, and value to the collection
- Contributions of the subject matter to the curriculum and to the interests of students
- Overall quality as based on preview and examination of materials by professional personnel
- Reputation and significance of the author, producer and publisher
- Validity, currency, and appropriateness of material
- Contribution the material makes to breadth of representative viewpoints on controversial issues
- Appeal of the material to the library's users
- Artistic quality and/or literary style
- Quality and variety of format
- Value commensurate with cost and/or need
- Timeliness or permanence
- Integrity
- Not inappropriate, as defined above.

Prior to any material being selected for inclusion, all library material shall have been read, reviewed, and recommended for inclusion by the Campus Principal. If more support and/or resources are needed for this review, the Board may approve the engagement of a cooperative of other Texas public schools and rely upon the recommendation of that cooperative.

#### **Sec. 6. ACQUISITION PROCEDURES**

The Campus Principal shall select material based on their own expertise and solicit recommendations from others. Recommendations for library acquisitions shall involve administrators, teachers, other Positive Solutions Charter School personnel, parents, and community representatives, as appropriate.

Selection of materials is an ongoing process that includes the removal of collections deemed by the Board or the Superintendent of Schools along with Campus Principal to be no longer appropriate and the periodic replacement or repair of materials still of educational value.

School library materials orders shall be approved by the Campus Principal for both orders at the district and campus level.

When acquiring new library material content not previously acquired, the Campus Principal shall submit a list to the Superintendent for inclusion in a board agenda. The Board shall be provided the list at least thirty days prior to action.

##### **a) *Individual board member review.***

BOARD ADOPTED: 11-17-, 2022

5 of 10

If any board member questions or desires further information on any title or author, he/she shall contact the Superintendent at least thirty (30) days before board action. The Superintendent or designee shall then contact the district-level library supervisor to obtain copies of professional reviews of any library material in question. If so desired, the board member can obtain a copy of the library material from another source.

**b) *Board action.***

The order of purchase for library materials in its entirety, including any materials in question by individual board members, shall be presented to the Board following the 30-day review period.

Prior to voting, individual Board members shall have an opportunity to present their rationale for desiring to exclude certain books from the order, with amendments to the proposed list considered either as a group or individually, depending on board action. After Board approval, the final list shall be processed for order. As the new materials are received, they shall be checked against a master list of materials ordered.

The selection and acquisition of the digital library collection will follow the same policies and procedures as the physical library collection. The district shall ensure that the method by which students access the digital library will allow students only to access age/grade-appropriate content. The curator will apply access levels by consulting the peer-reviewed recommended age group, Campus Principal, and educators. Access levels shall be applied as:

Recommended Ages	Grade Span	Content Access Level
14+	9-12	High School
Adult	9-12	High School

c) *TexQuest digital resources.*

TexQuest is the Texas State Library and Archives Commission’s (TSLAC’s) electronic instructional resources program for public schools. District participation in TexQuest is voluntary. TexQuest is supported by the Texas Legislature and by participation fees paid by school districts and open enrollment charter schools. TSLAC administers all aspects of the TexQuest program and coordinates with districts on the implementation and management of any TexQuest resources the district or school system selects to make available for its students.

TSLAC licenses resources for the TexQuest program following state procurement practices and with opportunities for community input. Professional librarians evaluate resources for inclusion in the program based on the TexQuest Collection Development Policy and actively manage the resulting contracts. Use of any or all TexQuest digital resources and e-books remains a Board decision.

**Sec. 7. CHALLENGE PROCEDURES**

A parent of a Positive Solutions Charter School student or any Positive Solutions Charter School resident may formally challenge library material used in the Positive Solutions Charter School’s educational program on the basis of appropriateness. The school receiving a complaint about the appropriateness of a library material shall try to resolve the matter informally through a telephone/video conference or meeting between the complainant and the Campus Principal

The conference may also include other necessary staff members as deemed appropriate by district-level library personnel.

If the complainant wishes to file a formal request for reconsideration, a copy of the “Request for Reconsideration of Library Materials” form shall be provided to the complainant by the Campus Principal. The following shall apply:

The Board’s grievance policies and process for parents (or employees if applicable) under Board Policy [3.70 Student and Parent Complaints Grievances and 4.24 Employee Complaints and Grievances] shall apply to any formal grievance.

The decision of the Board, if appealed to the Board, is final and non-appealable.

**Sec. 8. OPPORTUNITY FOR PARENT REVIEW**

In recognizing that parents hold an essential role in the education of their children and have the right to guide what their children read, each library shall maintain a printed list of materials onsite and on the school library website that shows what has been selected as well as what is slated for acquisition. The Superintendent, or Campus Principal, will offer a “Parent Preview” at least ten days before books are to be placed on the shelves, once in the fall and once in the spring. Audio-visual materials are to be made available to parents for in-person review, upon request, on the same basis as printed materials are made available.

**Sec. 9. OTHER PARENTAL CONSIDERATIONS**

In school libraries, students are afforded the opportunity to self- select texts as part of literacy development. While librarians are trained in selecting materials in accordance with Board policy and the outlined selection criteria and may provide guidance to students in selecting texts, the ultimate determination of appropriate- ness lies with the student and parent.

School librarians, or designated campus administrators, are to encourage parents to share any considerations regarding their students’ book selections. Parents may contact the campus librarian directly and/or complete an online form for library book opt-out decisions. School librarians will accommodate individual requests by parents, within reason, which may include restricting specific titles or books.

**Sec. 10. CRITERIA FOR GIFTS AND DONATIONS**

Gifts and donations to the school library or classroom libraries are accepted with the understanding that the decision for use and disposition of the materials and/or funds will be determined using the same selection criteria as purchased materials. All materials should support the curriculum and needs of library users. Gifts and donations, like purchased resources, will be removed from the

collection at the end of their useful life. Gifts and donations will be subject to the acquisition policy and process for approval before including in the school library collection or in a classroom library.

**Sec. 11. ROUTINE REVIEW AND REMOVAL OF MATERIALS**

Annually, the Campus Principal shall collaborate with campus library personnel and administration to conduct an inventory of the school library collection and equipment. The inventory can be used to determine losses and remove damaged or worn materials which can then be considered for replacement. The inventory can also be used to deselect and remove materials that are no longer relevant to the curriculum or of interest to students. Additionally, the Campus Principal should develop a collection maintenance plan that includes systematic inspection of materials that would result in removing outdated, damaged, or irrelevant materials from the collection. All materials removed from the collection shall be disposed of in accordance with the Charter District's property disposal procedures. Incorporated into this routine review and removal of existing inventory, the Charter District shall create an ongoing cycle to review content existing in circulation.
